S2R2 Plastic Pole Plug™ Features and Benefits

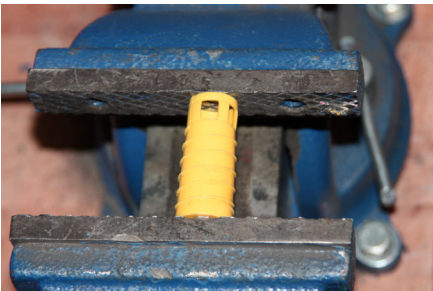

- Produced in the USA by an ISO 9001:2008 certified plant
- Available in safety yellow or traditional black
- Design incorporates over 35 years of technical expertise
- Unique flexible tip design allows for easy starting
- Three size offerings for more accurate fit
- Strong, reliable, and easy to remove torx head design
- Removal Tool available from Poles, Inc. or at most hardware stores
- **Strong design utilizing high quality HDPE plastic**

- **Large plug cavity accommodates fumigant better than others**

- **Tip design prevents compression of granular fumigant or crushing of fumigant vials**
