Item #	Programmable Numbers
EMS-6406195	10

Day-Light Sky

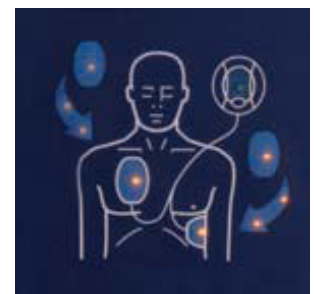

- » Clinically proven technology meets stringent Bright Light Therapy standards
- » 99.3% UV filtered and safe
- » Glare-free diffusion lens and two 55 watt light tubes emit warm, white light and minimize potentially harmful blue rays
- » Height adjustable arm allows the user to set the appropriate height and angle for therapy
- » Two light settings make this light versatile for therapy and/or while doing everyday tasks
- » Flicker-free operation with the use of high electronic ballasts

HeartSine Samaritan® PAD 300P

- » Compact & Lightweight - 28-56% smaller than other AEDs on the market and weighing only 1.1kg
- » Easy to use —Audio & Visual Prompts guide the user step-by-step through the rescue process – 3 large, easy-to-see icons illuminate – “Attach pads,” “Do not touch the patient,” and “It is safe to touch the patient” to facilitate the rescue process.
- » Sophisticated SCOPE Biphasic waveform technology adjusts patient impedance to maximize effective shock delivery.
- » The Samaritan PAD has a rating of IP56 providing the 300P with the highest level of water resistance in the industry.
- » HeartSine’s practical Pad-Pak combines battery and electrodes into one cartridge – one date to monitor and only one item to replace on expiry or after use.
- » Drop tested in accordance with IEC 60601-1
- » Field upgradeable to the latest AHA/ERC guidelines
- » Automatic self-check
- » Suitable for adults and children; Pediatric-Pak available for 0-8 years of age (< 25kg or 55 lbs.)
- » Controls & electrodes are accessible even with your HeartSine samaritan PAD still in the case.
- » Integrated metronome prompts the CPR chest compression rate.
- » Events are recorded with the time, date, ECG trace & duration, shock delivery information, and CPR intervals. This information is downloadable to a PC with optional SAVER® EVO software.

PATIENT MONITORS

Handheld Pulse Oximeter - DI700M

- » Handheld design, compact, light for carrying and handling
- » Bright, easy-to-read LED numbers
- » Advanced digital processing technology
- » Accurate measurement during low perfusion
- » Anti-movement, stable performance
- » Parameter: Digital SpO₂, Pulse rate, Pleth bar
- » Use with 4AA Alkaline batteries

Handheld Pulse Oximeter - DI800M

- » 2.4" color OLED display, 320 x 240 pixels
- » Automatic display rotation (gravity activated)
- » Visual & sound alarms
- » IPx1 Degree of protection
- » Large data storage and transfer to PC for reviewing or printing
- » Parameter: Digital SpO₂, Pulse rate, Pleth bar & SpO₂ waveform
- » Optional: Nellcor SpO₂, 3 lead ECG, infrared receiving adapter

ViewSine A6 Patient Monitor

- » Standard oximetry platform: Masimo Rainbow® SET Pulse CO-Oximetry SpO₂, PR, PI, Total hemoglobin (SpHb®)
- » Size: 16.6" x 14.25" x 8.39"
- » Weight: ≤ 19.8 lbs
- » Oxygen content (SpOC™), Carboxyhemoglobin (SpCO®), Methemoglobin (SpMet®), Pleth Variability Index (PVI®)
- » Option Oximetry: Nellcor SpO₂, BLT digital SpO₂
- » 14.1" anti-glare color TFT-LCD display
- » Dozen parameters with variety modules assembled on demand, easy upgrade, saves replacement costs.

ViewSine A8 Patient Monitor

- » Standard oximetry platform: Masimo Rainbow® SET Pulse CO-Oximetry SpO₂, PR, PI, Total hemoglobin (SpHb®)
- » Size: 17" x 15.3" x 8.1"
- » Weight: ≤ 24 lbs
- » Oxygen content (SpOC™), Carboxyhemoglobin (SpCO®), Methemoglobin (SpMet®), Pleth Variability Index (PVI®)
- » Optional oximetry: Nellcor SpO₂, BLT digital SpO₂
- » 17 anti-glare color TFT-LCD display
- » Dozen parameters with variety modules assembled on demand, easy upgrade, saves replacement costs

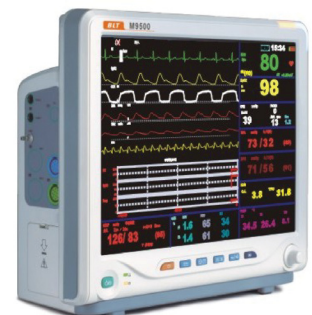

ViewSine M69 Patient Monitor

- » Standard configuration: ECG, HR, RESP, NIBP, SpO₂, RR, TEMP, Battery
- » 12.1" LCD display, high resolution
- » 7 lead ECG waveform display in the same screen
- » Digital SpO₂ technology offers anti-motion and anti-low perfusion functions
- » Drug dose calculation
- » OXYCRG software

ViewSine M9500 Patient Monitor

- » Standard configuration: ECG, HR, RESP, NIBP, SpO₂, 2-TEMP, Lithium Battery
- » Advanced platform for both software and hardware. Fully meets the clinical needs of standard vital signs, night acuity, and anesthesia monitoring.
- » 15" TFT LCD, high resolution (1024*768)
- » Dual alarm light - independent parameter alarm light and technical alarm light
- » Power-off storage (72 hour trend & 1 ECG waveform)

HOSPITAL BEDS & ACCESSORIES

Century 9900 Long Term Care Bed

BED9900

- » For use in institution or home
- » Provides security locks in position at any height other than its lowest position
- » Designed for safe, reliable and comfort operation
- » Hand control with single fault safety
- » Mains isolation system
- » Wooden single-deck head/foot board, easy to assemble and disassemble
- » Trapeze and IV holders
- » 8 Heavy duty castors
- » Bed Width: 35" (to 42" with extension kit)
- » Bed Length: 76" (to 84" with extension kit)
- » Trendelenburg: 0°-12°
- » Reverse Trendelenburg: 0°-12°
- » Weight capacity: 500 lbs
- » M.S.R.P.: \$4,295.00
- » Optional: Back up batteries, Nursing Control Panel

PVC Pipe & Fitting Inhabit Low Bed

PVC-BED680-40S

- » Healthcare Grade PVC Pipe and Fittings
- » 36" wide, 80" long
- » Inhibits/controls the growth of bacteria
- » Mattress not included

Century 9900P Long Term Care Bed

BED9900P

- » For use in institution or home
- » Provides security locks in position at any height other than its lowest position
- » Designed for safe, reliable and comfort operation
- » Hand control with single fault safety
- » Mains isolation system
- » Composite head/foot board, easy to assemble and disassemble
- » Trapeze and IV holders
- » 8 Heavy duty castors
- » Bed Width: 35" (to 42" with extension kit)
- » Bed Length: 76" (to 84" with extension kit)
- » Trendelenburg: 0°-12°
- » Reverse Trendelenburg: 0°-12°
- » Weight capacity: 500 lbs
- » M.S.R.P.: \$4,995.00
- » Optional: Back up batteries, Nursing Control Panel

Bed Side Cabinet

- » Made of ABS material
- » Light, steadiness, anti-aging, impellent
- » Large capacity drawer

PM-NEOPRO-48	80" x 47" x 10"	\$4,995	E0277

MATTRESS & SUPPORT SURFACES

ROHO® SOFFLEX 2 MATTRESS OVERLAY SYSTEM

- » **SKIN PROTECTION:** Protecting an individual's skin/soft tissue is critical for prevention and treatment of pressure ulcers. The ROHO SOFFLEX 2 Mattress Overlay System is a non-powered, adjustable, and reactive support surface for individuals who require skin/soft tissue protection or have other therapeutic needs. The SOFFLEX 2 provides individualized pressure, shear, and friction management through force redistribution to an individual's shape.
- » **COST EFFECTIVE:** The SOFFLEX 2 is a cost effective option for different care settings, costing less than high-quality powered mattress systems. It can also be easily cleaned and disinfected for reuse. **ADJUSTABLE:** Flexible, interconnected air cells can be adjusted to match the body's contour, providing personalized therapy and critical skin/soft tissue protection. The SOFFLEX 2 is made of three sections that snap together. Simply add or release air in each mattress overlay section to accommodate the individual's needs.
- » **NON-POWERED:** Eliminates concern about power failure or energy consumption costs.
- » **EASE OF USE:** The SOFFLEX 2 is lightweight, easy to transport, easy to adjust and set up on different bed types
- » Size: 36" x 81.75" x 3.5," Weight Limit: 330 lbs., Sugg. HCPCS: E0371

PMR-SOFFLEX2

True Low Air Loss System - SelectAir®

- » SelectAir System includes: SelectAir Pump, Mattress with foot pillow, zippered "Nylon" cover with foot pillow and a one-inch foam pad
- » System weight capacity: 400 lbs.
- » "True" Low Air Loss Technology
- » The SelectAir® System quietly circulates air through 16 individual cells and allows air to escape from the mattress

Item #	Dimensions	M.S.R.P.	Sugg. HCPCS
PMR-SASTADSYS	78" x 35"	\$6,100	E0277

ROHO® Dry Floatation Bariatric Kit

- » Works in conjunction with a standard size ROHO DRY FLOATATION Mattress Overlay to widen the mattress for use with bariatric bed frames.
- » Add-on sections allow the bariatric patient the therapeutic benefits of the ROHO DRY FLOATATION technology.

Item #	Dimensions	Sugg. HCPCS
PMR-MATTYSCKIT	Standard: 39" & 48"	E0371

ROHO® Dry Floatation Mattress Overlay

- » Cost effective technology allows a client with any stage ischemic (pressure) ulcer and/or myocutaneous flap to benefit from a custom-adjusted environment
- » Helps heal advanced stage (III & IV) ischemic ulcers
- » Four zoned sections
- » No external power source required
- » Lightweight: 8lbs per section or 32lbs for a complete system

Knee Brace - Front Wrap-On Knee Wrap Comfort Fit Elastic

- » Allows for effective flexion and extension settings needed for given treatment
- » Comes with a very comfortable high-tech flat knitting
- » Sugg. HCPCS: L1832

ORT-RK150

Knee Brace: Soft Knee Wraps

- » Soft lightweight neoprene knee wrap provides compression and can accommodate the EB wraps

ORT-SOFTKNE

Knee Brace: Rigid Wrap-on Knee Brace

- » Allows for effectively setting flexion or extension settings needed for the given treatment
- » Slip or wrap on rigid type of brace
- » Quick release snaps

ORT-RK200

Slip-On Knee Brace

- » The upright adjustable hinge knee brace allows for effective flexion or extension settings needed for the given treatment
- » Sugg. HCPCS: L1832

ORT-RK100PLUS

Knee Brace - Slip-On Knee Brace with Comfort Fit Elastic

- » A slip-on type of brace made of high-tech comfort fit elastic
- » Sugg. HCPCS: L1832

ORT-RK150PLUS

Lumbar Spinal Bracing System

- » LSO Spinal Bracing System provides circumferential compression, stabilizing the spine and promoting the healing process following post-operative back surgery.
- » Indicated for chronic back pain, stenosis spondylosis, and degenerative disk disease
- » Sugg. HCPCS: L0631

Item #	Size	Circumference around Navel
ORT-SB100-S	S	25"-30"
ORT-SB100-M	M	30"-35"

T/Pump® Professional

- » The T/PumpR Professional System provides safe and effective localized warming and cooling therapy with precise temperature control. It is effective for chronic pain relief and patient comfort in orthopedic conditions such as acute pain, muscle strain and spasm, skin trauma such as bruises, contusions and burns, chronic arthritis, tendonitis, neuritis, phlebitis, I.V. infiltration, infection, and localized pain.
- » Size: 8" w x 11.5" h x 8" d
- » Weight: 6.7 lbs empty
- » Flow Rate: 9 gph flow rate minimum
- » 4 temperature selections: 50°F, 95°F, 100°F or 107°F
- » Lock-out switch
- » Timed temperature therapy cycle-20 mins, 30 mins or continuous therapy
- » Uses tap water (and ice cubes if cooling)

TP700

The Arctic Ice System

- » The AIS delivers localized cold therapy to patients.
- » The AIS provides 4 to 5 hours of continuous cold therapy.

Item #	Description
PT-TPU	Universal Therapy Pad
PT-TPSNG-SM	Standard Single Therapy Boot
PT-TPDBL-SM	Standard. Double Therapy Boot
PT-TPSNG-LG	Large Single Therapy Boot
PT-TPDBL-LG	Large Double Therapy Boot
PT-TP1324	Large Back Pad (13"x24")
PT-TPMITT	Therapy Mitt
PT-VJW	Versatile Joint Wrap
PT-TPKN	Knee Therapy Pad

Aqua Relief System

- » New Hospital Grade System For Use In The Home
- » The Aqua Relief System delivers pain relief to achy feet and other body parts due to arthritic pain, carpal tunnel syndrome, back pain, and many other pain conditions.
- » Hospital-grade plug
- » Lo and Hi heat settings
- » 60 min. timer, plus auto shut off
- » Anti-inference device

TP-ARS-TPUMP

JSTIM - Joint Stimulation Arthritis Therapy System

- » The JStim is a patent-pending breakthrough in the treatment of osteoarthritis and rheumatoid arthritis. It is FDA and Medicare cleared, and through combinational therapy, it deploys the use of advanced electrotherapy and true compression therapy.
- » The JStim is an advanced electrotherapy device that works in tandem with soft, multi-layer conductive fabric and safe infrared heat to deliver therapy. These combined modalities are compressed against the treatment site using compression wraps, allowing the silver garment electrodes and infrared heat band to emit therapy directly into the target joint.

» Facts about JStim

The JStim is a drug alternative, noninvasive treatment intended for the reduction of pain and symptoms of osteoarthritis on the knee and rheumatoid arthritis on the hand.

Due to the unique combination of electrotherapy, compression and infrared heat conduction, the system may provide both pain relief and therapeutic results to the affected area. The JStim may provide a viable alternative to the use of pain medication. ***clinical studies yet to be performed**

- » Warnings: Patients who are pregnant or nursing should not use the device and it should only be used under the continued supervision of a physician. A physician's order is required to obtain the device.

Item #	Description
JSTIM1000	JSTIM Main Unit

PAIN MANAGEMENT

3-Strap Knee System (Electrode)

» Utilizes a high-quality knee compression wrap, and specific conductive silver fabric patches that connect to the JStim stimulation unit.

- » Medicare coded
- » HCPCS: E0762

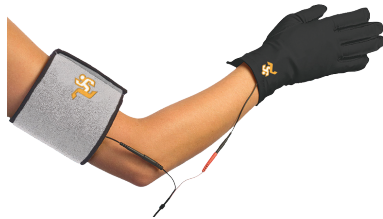

Item #	Description	M.S.R.P.
JSTIM1000KN	3-Strap Knee System	\$995

JSTIM Hand System

» Consists of silver garment fabric in the shape of a glove along with a special compression glove to be fitted over the conductive components in order to block the outside current and to give effective treatments to the affected hand.

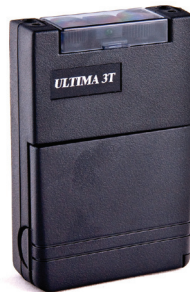

- » Medicare coded
- » HCPCS: E0762

Item #	Description	M.S.R.P.
JSTIM1000H	JSTIM Hand System	\$995

The Ultima 3T TENS

- » Dual-channel device with three modes of operation (B, N, and M)
- » Pulse width and pulse frequency are adjustable
- » Equipped with a 30, 60, 90 minute timer
- » Comes with a protective cover
- » Sugg. HCPCS: E0730

TENS-U3T

The Ultima 5 TENS

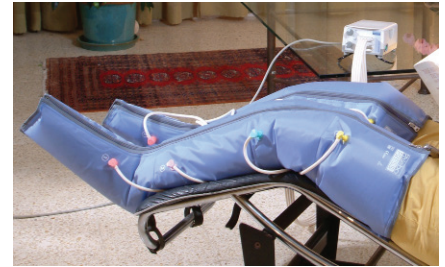

- » Dual-channel five-mode device with two wave form adjustments and a large LCD screen

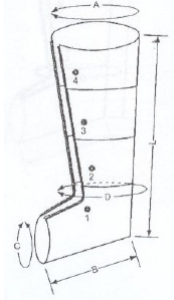

TENS-U5T

Lymphedema Pump System

- » Fully variable pressure range from 30~80 mm Hg
- » Lock button to prevent tampering
- » Adjustable pause time
- » Bilateral application when needed
- » Four fully overlapping compression cells
- » Color coding to eliminate error
- » LP-701-A, Sugg. HCPCS: E0651

LP-701-A

The Ultima 11 TENS

- » Dual-channel eleven-mode TENS unit with three-wave form adjustments
- » Large LCD screen
- » Portable

The TENS 7500

- » A full featured digital five-mode device
- » Adjustable pulse width, pulse rate, and treatment timer
- » Large liquid display

The Ultima 20 TENS

- » Twenty-mode device with dual channels and three-wave forms
- » The unit produces a gentle stimulation through pads normally placed over the area of pain.
- » This stimulus helps the body produce natural pain relievers called endorphins.

Stimulation Devices

- » The True-Sine Interferential (IF) stimulator device is a battery operated device that includes two controllable output channels. Amplitude, mode and duration of the electrical impulses can be altered with the buttons and knobs.

Dual Point Probe Electrode

- » Stimulates acupuncture or pain points with this handheld remote dual-point stimulation probe.
- » Base of the handle accepts the positive and negative lead wire pins from your stimulator.
- » Carbon rubber tips at the end of flexible stems offer safe and easy point stimulation.
- » Works best with conductive gel or wet felt-tip pads applied to the carbon rubber tips.

The TENS/EMS Combo

- » Combines the benefits of both TENS therapy and EMS therapy through the use of digital controls. It has a timer feature that can record not only how many times the unit has been used for treatment but also the cumulative time the EMS unit has been used for treatment

TECOMBO

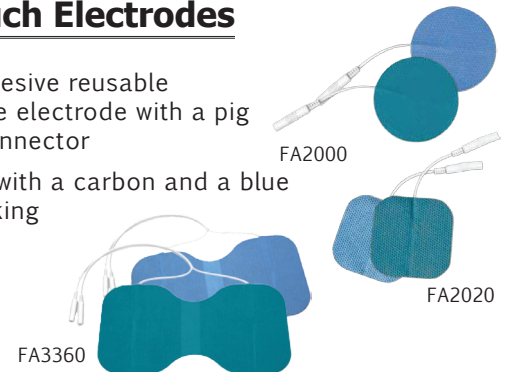

Conductive Copper Metal Ear Clip Electrodes

- » Conductive copper metal ear clip electrodes for stimulating acupuncture points on the ear lobe or for CES application. Plastic base handles of the clip accepts 2mm male pin from your lead wire. Apply self-adhesive felt tip pads to the inside surface of the ear clips, then wet the felt tips with water or conductive gel. Has just enough tension for it to clip to the base of the ear lobe with a comfortable fit.
- » 25 felt tip pads included.

Soft Touch Electrodes

- » A self-adhesive reusable disposable electrode with a pig tail pin connector
- » Available with a carbon and a blue cloth backing

TENS-EGlove	Glove	One Size
TENS-ESock	Sock	One Size

EB Electric Back

- » Can include many different options of EB conductive patches

Item #	Description
TENS-EB1-410	Electric Back with 1 4"x10" Dual Electrode
TENS-EB2-410	Electric Back with 2 4"x10" Dual Electrode

Electric Vest

- » The Electric Vest is a one-size-fits-all thoracic vest that allows the users to Velcro in a variety of garment electrode pad options, enabling treatment to the lower back, mid-back, and upper back with ultimate coverage.

Item #	Description
TENS-EV1-410	Electric Vest with 1 4"x10" Dual Electrode
TENS-EV2-410	Electric Vest with 2 4"x10" Dual Electrode

Electric Knee

- » Comfortable, and includes a 3"x5" ground electrode garment patch for the thigh, and a 3"x5" active electrode garment patch to cover the knee

Item #	Description
TENS-EBKNEE	EB Electric Knee
TENS-EKD47	Electric Knee with 1 4"x7" Dual Electrode

Medical Grade Ultrasound/TENS Combo

- » The Ultrasound Combo combines electrical therapy with ultrasound therapy in one device.
- » FDA approved
- » 14 TENS programs with 1 MHz ultrasound
- » LCD backlight indication
- » Portable and professional
- » Sugg. HCPCS code: E0730

PM 2000 Portable Ultrasound Machine

- » This hand-held portable ultrasound device provides therapeutic heat.
- » Ultrasound penetrates far beneath the skin to soothe and comfort chronic or acute pain.

BIOFREEZE Pain Relieving Gel

- » Increases blood flow and warming of the area of pain at the cellular level

Item #	Size
TENS-BUSAT04-BUL	4 OZ. TUBE

High Performance Infrared Heat Therapy

- » This far infrared heat therapy system provides soothing relief from pain, muscle tension, and stress.
- » Q-Fiber wraps are fully portable through the car charger, USB adapter, wall charger, and even light-weight battery.
- » Speedy recovery
- » Relieves pain
- » Improves circulation
- » Relaxes muscles

Item #	Description
TENS-QFiberWW	Infrared Heat Therapy, wrist
TENS-QFiberBW	Infrared Heat Therapy, back

Infrared Light Wand

- » This hand-held infrared light wand provides therapeutic massage and deep relief.
- » Infrared heat penetrates far below the surface of the skin to soothe and comfort the nerves.

Theratrac Pneumatic Cervical Traction Unit

- » Indicated for use for the treatment and relief of cervical musculoskeletal or neurologic impairment
- » The Theratrac gently stretches neck muscles, allowing the vertebral discs to realign, and freeing the nerve root tissue from the pressure of the discs. The theratrac helps “locked” neck muscles to slowly stretch and relax, allowing misaligned vertebrae to resume their normal supportive position.
- » Clinical grade, designed for the home
- » Innovative and effective design
- » One size fits all (with the inclusion of three sizing insert pieces)

PAIN MANAGEMENT

Theratrak Lumbar Traction Brace

- » The Theratrak is an easy to use, highly functional and very effective lumbar traction device, giving the user the ability to treat their condition in the comfort of their own homes.
- » Theratrak utilizes pneumatic bladder technology, giving it the unique ability to administer a moderate lumbar decompression stretch to gently contour the innate spinal path.

Neck Support Posture Pump Cervical Spine Trainer

- » Inflatable cervical traction unit used to treat vertebrae symptoms, disease, and discomfort
- » Portable and convenient for use when traveling
- » Suggested HCPCS code: E0855

CVT1000

CVT2000

Dr. Archy Foot Massager

- » Provides a natural low-impact exercising motion that supports, stretches, and massages your arches

Dr. Necky Neck Massager

- » Dr. Necky is a wonderful little tool that will work your neck into relief like a professional masseuse. The special rolling wheels have a knuckle, to loosen up those tight muscle knots.

Body Drummer Hot/Cold Vibrating Massager

- » A unique massager that not only provides a soothing vibrating massage, but also allows for either hot or cold treatment simultaneously
- » Handheld and rechargeable

The Bravo

- » Interchangeable nasal pillows and Adaptive-Flow technology results in an extremely quiet sleep experience
- » Active-Swivel® feature allows user to wear in multiple positions, resulting in the highest levels of comfort
- » The Bravo Nasal Pillow System contains all of the components required to properly fit the patient, eliminating the hassle of opening multiple products to get the right fit
- » Sugg. HSPCS: A7034, A7035, A7033, A7035

Item #	Description	M.S.R.P
PAP-BRV600	Bravo - Nasal Pillow System	\$249

Hybrid Universal Interface

- » Serves as a nasal interface, an oral interface, and a combination of the two
- » A dual airway interface for use with positive pressure ventilation devices for the treatment of respiratory insufficiencies and obstructive sleep apnea
- » Promotes patient comfort by eliminating pressure points on the forehead and across the bridge of the nose
- » A built-in chin flap gently supports the chin, ensuring optimal performance
- » Sugg. HCPCS: ORAL/NASAL MASK-A7027, HEADGEAR-A7035

Item #	Description	M.S.R.P
PAP-HYB500	Hybrid - All Sizes Complete System	\$249

CPAP DEVICES & ACCESSORIES

Sandman Auto CPAP

- » Wide pressure range (3 cm to 20 cm H2O)
- » Auto adjust pressure throughout the night for optimum therapy level at all times
- » Automatic altitude and leak compensation
- » Sandman therapy software available to download data from memory card
- » Auto calibration of entire user circuit, including compensating for length of CPAP tubing and style of mask

SleepWeaver

- » The mask inflates like a balloon and softly conforms to any face creating an intimate seal
- » Sleep is possible in any position with this flexible fabric
- » Works on all pressures from 4 cm - 20 cm
- » Easy to fit, clean by hand or in the washing machine
- » Sugg. HCPCS: MASK-A7034, HEADGEAR-A7035
- » One size fits most

Item #	Description	M.S.R.P
PAP-SW100332	Nasal Mask and Headgear	\$199

Full Face Mask

- » Vent holes provide quiet & effective CO₂ washout
- » Anatomically contoured for comfort, fit and seal
- » 360° rotation and floating elbow for easy selection of oxygen tube position, preventing tube being pulled or dragged

Item #	Description	M.S.R.P

RESPIRATORY PRODUCTS

iFill® Oxygen Fill System

- » Fills iFill proprietary cylinder sizes: M4, M6, C, D, & E
- » Easily tops off partially-filled cylinders
- » Automatically shuts off when filling is complete
- » Simple 3-step operation

Item #	Description	M.S.R.P	Sugg. HCPCS
R-535D-M6-PD-PKG	iFill Oxygen Station PKG with 2 pulse dose, iFill cylinder & carrying case	\$6,000	K0738

Oxygen Concentrator

- » 5 liter
- » Lightweight compact design (36 lbs.)
- » Oxygen sensing device standard on every unit
- » Noticeably quiet operation
- » Lockable flow meter

Item #	Description	M.S.R.P	Sugg. HCPCS
R-525DS	5L Oxygen Concentrator	\$2,000	E1390

iGO® 3 Liter Portable

- » Lightweight portable
- » Weighs only 15.5 lbs (without battery)
- » Dimension (HxWxD) 15" x 12.3" x 7.1"
- » MAX. recommended continuous flow: 3 LPM
- » Sound level: 40 dBA
- » Carry case-wheeled - Sugg. HCPCS: E1354

Item #	Description	M.S.R.P	Sugg. HCPCS
R-306DS-A	iGo Portable Oxygen System	\$3,950	E1390, E1392

Oxygen Conserving Devices

- » Conserving mode provide 3:1 oxygen savings
- » Conforms to the patients natural breathing cycle
- » Eliminates oxygen waste
