

Safety Through Vision

SVSCDR12HD

LCD HD ATOM Gold Vehicle Recorder

2nd Camera Option

ADAS - LDWS (Lane Departure Warning System) FVSA (Front Vehicle Smart Alarm)

Lane departure gives audible warning when wandering out of your lane while FVSA alerts the driver that the vehicle ahead has moved so you don't get left sitting at the lights. Both system operate while moving and can be set to activate at set speeds

High Quality Lens and Resolution - 2 mega pixel image sensor Front HD (1280 x 720) at 30 fps - wide angle lens.

Functional - Touch Screen - Record modes (Constant - Manual Event - Motion - auto Park Mode) - GPS data - G-Sensor built in.

Battery Backup - Built in high capacity capacitor keeps voltage stable and give backup functions when powered off.

Park Mode - System will record impacts even when vehicle is parked - so G-Sensor will be more sensitive and record 10 Second before impact.

User friendly Touch Screen means the system can be set up and operated easily and without fuss - set the ADAS and your preferences through the OSD and then it records and functions as required. Provides great protection and features to ensure you have the best opportunity to record events and alert the driver when required. Manual or automatic event creation gives peace of mind so you don't have to worry about capturing incident in the case of an accident...or manually trigger an event if you see anything you think needs to be saved.

Fully 3.5" touch screen operation for easy setup - playback functionality - Compact - ADAS

Features

- ADAS - LDWS - FVSA
- GPS Data tracking
- Supports up to 128 GB SD Card

2nd Camera Option

DashCam Specifications

Image Sensor	Colour
Camera built in	1920 x 1080 (FHD)
Camera Optional	720 x 480 (VGA)
Screen	3.5" TFT with TSP
Processor	ARM Cortex A7 core
Channels	1 Built in + 1 External
Frame Rate	30 FPS Front/External
Memory	Supports SD Card up to 128 GB (Class 10 or higher)
Illumination	LEDs
Audio	Integrated Microphone
Motion Sensor	Internal 3D "G" sensor
Power	12V - 24V DC
Format	AVI
Size (L x W x H):	106 x 14 x 64mm
Weight	132g (With Bracket)
Operating Temperature	-20° ~ 70°C
Storage Temperature	-30° ~ 80°C

Kit Includes

- Dual View DashCam (SVSCDR12HD)
 - Power cable
 - Adhesive Mounting Bracket (tilt type)
 - SD Card
 - External GPS aerial
 - Cable Clips
 - CD with manual and PC Software
- Options:
- 2nd Camera - Internal type
 - 2nd Camera - External Type (IR LED)
